| | | |  |
| Why Product Was Developed: | | | |
| Upgrade the current Tri color unit to Quad color and removal of the pigtails connections for IP DMX and TRUE1 IP connectors. | | | |
| Elevator Pitch | | | |
| COLORband Q4 IP brings powerful quad-color wash lighting to celebrations inside or out with 4 zones of control and robust features that withstand the rigors of the road. | | | |
| Product Positioning | | | |
| With COLORband Q4 IP, joy doesn't depend on the weather! This weatherproof, outdoor-rated LED strip light delivers lighting joy inside or out because its robust housing repels water, snow, dirt, sand and salt for all-weather applications. COLORband Q4 IP is a versatile 4-zone effect that can be used for a wide variety of applications including as a blinder or wall washer. The touch-sensitive display can be password protected and powerCON® TRUE1 inputs make power connections secure and reduce cable clutter by linking multiple units. The integrated GORE® valve prevents internal humidity build-up and allows the fixture to breathe. COLORband Q4 IP is even great for on-camera work with its high-frequency LED dimming that gives the unit flicker-free video operation. | | | |
